Getting Started with Zinio eMagazines at Toronto Public Library

It is recommended that you create your accounts via the website on your computer prior to installing the Zinio app on your tablet or smartphone.

Select an eMagazine from the Toronto Public Library Zinio Page

www.tpl.ca/zinio

1. To find magazines, you can search by title, use the drop down category feature (All Genres) on the right, or browse the library’s available titles one page at a time.

2. When you have found a magazine you want to read, click on the cover.

Create a Toronto Public Library Zinio Account

1. If you are using Zinio for the first time, click on the Create New Account Link.

2. Type in your library barcode number and click Next.

3. Enter your name (this can be a first name only), email address and password and click Create Account. Note: If you already have an existing Zinio account, use the same email address.

4. The account will activate and you will see a Complete your checkout pop up box.

5. Click on Complete Checkout to check out the issue.

Create a Zinio.com Account

1. The magazine is checked out, and Zinio.com will open in a new tab where you will be required to sign in or create a second account.

   This Zinio.com account is required for you to view the magazines online and to access the mobile apps for your tablet or smartphone.

   To read issues of magazines you have already checked out, go straight to Zinio.com and log in with your Zinio account.

   To add a new magazine title, go to tpl.ca/zinio, log in and select magazines.

   Click on the magazine cover to launch the reader in your browser. You can view page spreads of the magazine just like in the print edition. Use the arrows to go to the next page.

On a Tablet or Smartphone

1. Go to zinio.com/apps to select and download the appropriate app for your device.

2. Follow the same steps to check out magazines from tpl.ca/zinio in the web browser on your device. Once a magazine is checked out, it will appear in the app automatically for you to view it there.

   When you want a new magazine, you must always start at www.tpl.ca/zinio; if you try to select a magazine through the app, you will be prompted to pay for it.

   Note: Issues shown are the current issue; some magazines offer Back Issues as well. Availability will be indicated below the Checkout Now button. Magazine issues remain in your reading list or on your device until you delete them.

   For more help, see the FAQ on the library’s Getting Started with Zinio eMagazines page or contact the Zinio support service at ziniosupport@recordedbooks.com.
